ALKOSIGN

The only

ISO 9001-20015 COMPANY

is the biggest manufacturers of Writing & Display Systems in India.

We welcome you to the exciting new **MODERN**

CONCEPT IN WRITING & DISPLAY SYSTEMS

We have the best of the machines from Europe & are using

HOT POWER PRESSING technology

The manufacturing is semi automated & the only one of its kind in India.

Since the inception of the company in 1992 our sales in the local as well as the export market have increased many times over.

Our success has been due to strict quality control, use of best quality raw materials, good packaging and none the least our vast marketing network.

We are proud to introduce the latest Patented products to keep you tuned with the international scenario in this millennium.

The concept of innovative **UPDOWN** and **SLIDING BOARDS** for schools and colleges is introduced for the first time in India by **ALKOSIGN**.

We have supplied these to many schools and IIM colleges in India.

Manual

UP DOWN BOARDS SYSTEM

In this system the two boards are dependent on each other. When one board is pushed up manually the other board comes down. In classrooms when one board is fully written it is pushed up and the lecturer can write on the second board. The continuity is not lost. Writing surface is porcelain ceramic enameled steel surface. White colours for writing with dry wipe markers and green for writing with chalk.

Standard Size of White or Green Board

2400mm x 2400mm. It consists of two boards.

Each board of size 1200mm x 2400mm

Manual porcelain ceramic white Up Down board for dry wipe marker.

Art No : AUD M C 240 x 240

Art No : AUD M C 240 x 300

Art No : AUD M C 240 x 360

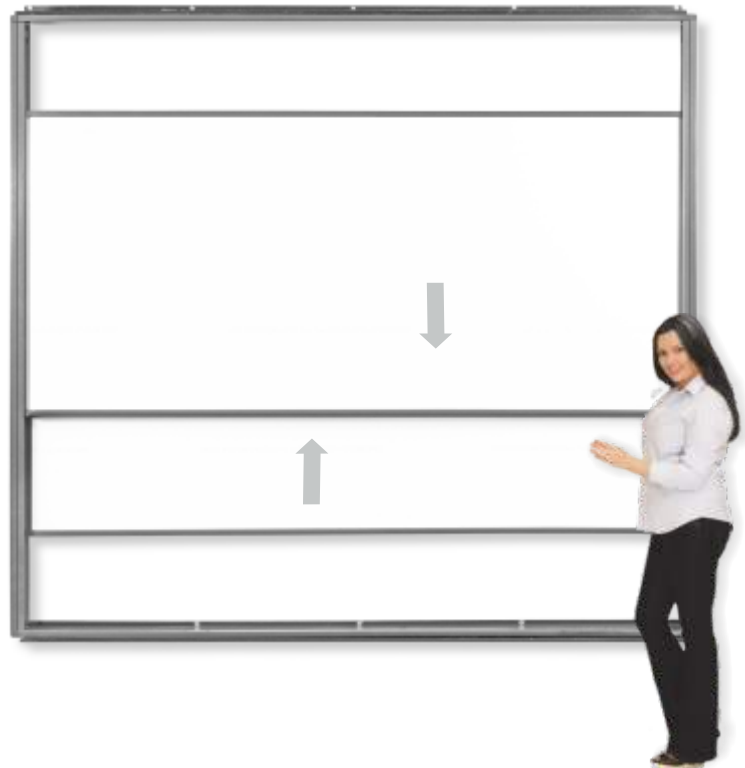

Manual porcelain ceramic green Up Down Board for writing with chalk.

Art No: AUD M CC 240 x 240

Art No : AUD M CC 240 x 300

Art No : AUD M CC 240 x 360

- ▶ Aluminium sections are silver colour anodised.
- ▶ Special request for champagne colour anodizing or powder coating can be considered.
- ▶ Other sizes and combinations as per request.
- ▶ Fitting instructions provided.

Motorised Dependent UP DOWN BOARDS

Movement of boards are dependent on each other. When one board goes up the other comes down. Special imported tubular motors are used for their movement. Remote control (R) or electric switch control (E) can be provided in the motors for movement of the boards.

Standard size:

2400mm x 2400mm it consists of two boards.

Each board of size 1200mm x 2400mm

Horizontal Sliding Board System

In this system the boards slide on bearings in the tracks .

The board at the back is fixed and the other board can slide from one end to the other. Porcelain Ceramic writing surface in white for drywipe markers or green for writing with chalk is available.

Board Size : 1200 x 3600 mm

Two sliding boards of size : 1200mm x 1200mm and one full size fixed board at the back.

Art No.: **AHSBC 120360** (1200mm x 3600mm)
for writing with dry wipe markers.

Art No.: **AHSBCC 120360** (1200mm x 3600mm)
for writing with chalk

When the small boards are on the sides, the center can also be used for projection purpose.

Alternatively an interactive board can be fitted in the center with two fixed writing boards on the sides. The front two sliding boards can cover the interactive board when not in use.

Other sizes and combinations as per request.
